Objective

Aspiring and highly motivated Computer Science student seeking a summer internship to leverage my skills in frontend development, problem-solving, and software engineering. Passionate about learning new technologies and contributing effectively to innovative projects in a dynamic environment.

Education

Deenbandhu Chhotu Ram University of Science and Technology, Murthal, Sonipat

Bachelor of Technology in Computer Science

2023 – 2027 (Expected)

Current CGPA: 8.0

Relevant Coursework: Data Structures, Object-Oriented Programming

CBSE – Class 12th

2023

Percentage: 94%

CBSE – Class 10th

2021

Percentage: 93.1%

Technical Skills

Languages: C, C++, HTML, CSS, JavaScript

Frameworks/Libraries: React.js

Tools: Git & GitHub, Visual Studio Code, Canva

Projects

WorldAtlas Web App

[Live Demo](#)

- Built a fully responsive and interactive React.js website with multiple pages using React Router.
- Created dynamic navigation with a hamburger menu for mobile and seamless client-side routing.

React To-Do List App

[Live Demo](#)

- Developed a task manager using React.js with functionality to add, delete, and display tasks.
- Used component-based structure and state management for interactive UI.

Amazon Clone

[Live Demo](#)

- Built a responsive e-commerce frontend using HTML and CSS.
- Designed layout mimicking Amazon's UI using flexbox and media queries.

Simon Game

[Live Demo](#)

- Developed a memory-based game using HTML, CSS, and JavaScript.
- Implemented random pattern generation and user interaction logic.

Gradient Generator

[Live Demo](#)

- Created a tool that dynamically generates linear gradient backgrounds.
- Users can customize direction and colors with live preview and CSS copy option.

To-Do List (JavaScript)

[Live Demo](#)

- Built a to-do list app using JavaScript, HTML, and CSS.
- Features task creation, deletion, and localStorage support to save data.

Weather App

[Live Demo](#)

- Developed a real-time weather forecast application using HTML, CSS, and JavaScript.
- Integrated weather API to fetch and display current weather conditions by city input.

Soft Skills

Problem-solving, Communication, Teamwork and collaboration, Time management, Adaptability
